# Welcome to Authentic Normandy !

As you will see, this area is the essence of Normandy. Some call it a picture postcard, others the heart of Normandy. This is especially true since we are actually located in the geographical centre of the region! Close to great sandy beaches but far from crowds, imagine a green countryside dotted with apple trees in bloom and crisscrossed with streams and rivers as a source of calmness. A true return to nature.

*Here, we enjoy a slower pace of life!*

- › Clean up the paths you walk on when you see rubbish and take a water bottle with you to avoid using plastic bottles
- › Turn a small metal box into a pocket ashtray
- › Don't leave a present from your four-legged friend behind
- › When visiting or renting, maintain good habits: sort waste, turn off lights when leaving the room, don't waste water, turn down the heating at night, do not leave appliances on standby...

# Gastronomic Heritage

## TAKE TIME TO ENJOY

In Authentic Normandy, nature offers all the raw materials necessary for the production of the most famous Normandy products. In the cradle of Camembert, Pont-l'Évêque and Livarot, cheeses that are not to be missed, the fruitiest drinks that complement them are also made. The richness of this area is reflected in the diversity of the products and the abundance of the local markets. Nothing is more rewarding than taking the time to discover and taste them!

### IN YOUR BASKETS

STROLLING THROUGH THE MARKETS, A HOLIDAY MUST!

We buy for the week but also for the pleasure of enjoying time and conversations with locals. At the stands, you can almost taste everything from cheese to cold meats and other specialities. As you stroll along, the smells blend together: it is a mixture of sensations, a true moment of conviviality. From the producer to the consumer, with skills in the service of product quality and taste!

There's no time to lose!

Recognised as a spiritual destination, Lisieux, the capital of Authentic Normandy, is the second most important shrine city in France after Lourdes. All the sites that have been chosen by this holy family are exceptional cultural sites for their architecture and the treasures they contain. The basilica is often compared to that of Montmartre! Revitalisation, serenity and emotion are guaranteed.

## GEOCACHING, LIFE-SIZE TREASURE HUNT

IF YOU ARE NOSTALGIC FOR TREASURE HUNTS, IF YOU LIKE TO GO WALKING, HAVE FUN WITH FRIENDS OR FAMILY, AND THINK OUTSIDE THE BOX, THEN GEOCACHING IS A FREE ACTIVITY FOR YOU!

The player searches, in the city or in nature, for containers of different sizes called "geocaches", using a GPS or a smartphone. Many are hidden in the land of Authentic Normandy. Geocaching allows you to discover, or rediscover, monuments so that you can see them in a different light. You'll also feel the surprise of entering unsuspecting places! We walk in the city but also in the forest, we enjoy nature. In short, we take a breath of fresh air! Take the family on an adventure!
